## À UTILISER TES YEUX ET TES MAINS ENSEMBLE

- Réalise sur les pointillés de droite, la figure dessinée à gauche

The image displays ten rows of dot patterns for tracing exercises. Each row consists of a colored geometric shape on the left and an empty 5x5 dot grid on the right. Blue arrows at the top indicate the direction from the example shape to the grid. The shapes are: 1. Blue cross, 2. Pink star, 3. Green square with inner square, 4. Red house-like shape, 5. Grey triangles, 6. Green star-like shape, 7. Purple house-like shape, 8. Blue shapes (square, triangle, trapezoid), 9. Orange octagon, 10. Green house-like shape.

## À UTILISER TES YEUX ET TES MAINS ENSEMBLE

- Réalise sur les pointillés de droite, la figure dessinée à gauche

The image shows a 5x2 grid of dot patterns for tracing exercises. Each row contains a colored geometric shape on the left and a corresponding empty 5x5 dot grid on the right. Blue arrows above the grid indicate the direction of copying from left to right. The shapes are: Row 1: Orange fish-like shape; Row 2: Green arrow-like shape; Row 3: Red zig-zag shape; Row 4: Blue rectangular shape with a notch; Row 5: Orange star-like shape. The second column contains empty dot grids for practice.

## À UTILISER TES YEUX ET TES MAINS ENSEMBLE

- Réalise sur les pointillés de droite, la figure dessinée à gauche

The image shows a 5x2 grid of dot patterns for tracing exercises. Each row contains a colored pattern on the left and a blank dot grid on the right. Blue arrows above the first two columns indicate the direction of the exercise.

- Row 1:** An orange geometric pattern consisting of a central diamond with four lines extending to the corners and four lines extending to the midpoints of the sides. To its right is a blank 5x5 dot grid.
- Row 2:** A red pattern of three nested, upward-pointing triangles. To its right is a blank 5x5 dot grid.
- Row 3:** A blue pattern of two mirrored, outward-pointing triangles meeting at a central vertical line. To its right is a blank 5x5 dot grid.
- Row 4:** A green pattern of two mirrored, inward-pointing triangles meeting at a central vertical line. To its right is a blank 5x5 dot grid.
- Row 5:** A cyan pattern of four squares arranged in a 2x2 grid, with lines connecting the corners of adjacent squares. To its right is a blank 5x5 dot grid.
